#### Task

- Create budget for yearly technology expenditures
- Technology procurement and maintenance
- Enhancing curriculum with technology

#### Money

- Computers
- Projectors
- Network infrastructure

Feb. 12<sup>th</sup> Meeting Outcomes

**Create and maintain technology budget.**

**Purchase and maintain computers for student and teacher needs. Customize tech needs to individual teacher needs.**

**Evaluate current infrastructure to determine needs for future. Weigh current system replacement costs vs. costs associated with moving.**

**Maintenance of effort while remaining in this building.**

**Evaluate tech needs for new sections/grades and what will help us with new curriculum**

**Develop and oversee multi-year technology plan. Push for consistent budget cycle for year-to-year planning.**

*OVERALL TIMELINE- Key Activities*

Evaluate current needs

Adjust replacement cycle
